Highlights of Trip

Accommodations were better than I ever expected. I had a guest with me and the Outfitter accommodated him and took care of my guest. We lucked out with great weather- dry scent for the dogs but they were so good that it didn't seem to matter. The scenery is as good as it gets. We found a link after 6-8 hours with me and my guide and my guest and his guide. Clean shot and not too bad of a hike getting out. The Outfitter was a pro and his dogs were top drawer.

Problems/Concerns with Trip/Outfitter

None. They helped me acquire a tag in another state. I arrived on Jan 1st ready to hunt and all of the places to get a tag were closed. So that helped a lot.

Yes

Additional Comments?

It was a perfect trip. Weather, equipment, my choice of rifle were perfect. We found a huge mtn lion that had a collar on it so I will be able to find out some info about where he roamed and I will get a good estimate of how old he was.
