Highlights of Trip

It was a great trip! The outfitter did a great job. All of her staff was excellent. The guides were very good! They understood the limitations I gave them and did not try to push it. When I said I can shoot 500 but do not want to shoot over 400 - they put me in position under 400. Highlights? - Just being in

Kyrgyzstan and seeing lots of game and feeling safe the entire time. Renate was awesome!

Problems/Concerns with Trip/Outfitter

Additional Comments?

Derek did a great time prepping me on what to expect. The only thing that was unexpected was coming back into the states and getting my ibex through Fish and Wildlife. It would be good if that process could be clarified and standardized. A one page document with a standard process/expectation and known exceptions would be helpful.
