Highlights of Trip

Michael went above and beyond to take care of his

clients! He is very customer oriented and very professional! We did a long hunt day and didn't get back till late. Michael had someone come meet us before we got back to camp with a warm hamburger that was just cooked and a coke and it was worth \$1 million dollars at that time. I would highly recommend going with this Outfitter and my recommendations don't come easily.

Problems/Concerns with Trip/Outfitter

Just very long to get there, but it was well worth it.

Would you recommend this adventure to a friend?

Yes

Additional Comments?

Micheal and Julie are a great team. They complement each other very well. Julie is very thorough and takes care of all the paperwork and has everything lined out when you get there and even after you leave with your trophies. Michael goes above and beyond in the field to help you get your trophies and does not just take anything, and he is very selective. I would highly recommend them for anyone thinking about honey, these type of animals. Hope that I get to go with them again someday.
