**Highlights of Trip**

Guide (Gus) listened to my expectations and kept them in mind when evaluating rams. He didn't pressure me to shoot a ram below my expectations. He went above my expectations to find me a 30+ inch ram. We walked around 7 miles round trip and he was very knowledgeable about where sheep would be and how to play the wind to allow us to get close enough for a good shot. After shooting the sheep, he did a good job of caping it out and

packing it back to the side by side. Gus was very polite and I really enjoyed his company while there. I would definitely recommend this trip to anyone thinking of doing it and feel free to use me as a reference for this trip. Also want to give a shout out to the cook, Fin. He made amazing meals and was also a pleasure to converse with when we were not out hunting.
